FACET II Meeting at a Glance

Thursday, July 20 & Friday, July 21 - Arrival

Participants arrive; check-in to Hilton Garden Inn, Corvallis

Saturday, July 22 - Oregon Coast Field Trip

7:30-8:00	Check-in for Field trip at Hilton Garden Inn
8:00-17:30	Field Trip to Oregon Coast (box lunch provided)
17:30-19:30	Dinner at Hatfield Marine Science Center, Newport
21:00	Return to Hilton Garden Inn

Sunday, July 23 – OSU Conference Day 1

7:30-8:00	Conference desk open; CH2MHill Alumni Center Lobby
8:00-9:00	Introductions & Welcome
9:00-10:15	Session 1: Geodynamic evolution of the Taiwanese orogen
10:15-10:45	Break
10:45-12:05	Session 2: State of the Science: Accretion and exhumation of the Taiwanese orogenic system
12:05-13:00	Lunch
13:00-14:20	Session 2 (continued): State of the Science: Accretion and exhumation of the Taiwanese orogenic system
14:20-14:45	Break
14:45-16:30	Poster Session A: Accretion and exhumation of the Taiwanese orogenic system
16:30-17:30	Panel Session 1: How does the interplay of surface process, tectonics and climate guide the evolution of orogenic systems?
17:30-18:00	Break
18:00-20:00	Icebreaker & Welcome Reception (remarks at 18:30)

Monday, July 24 – OSU Conference Day 2

7:30-8:00	Conference desk open; CH2MHill Alumni Center Lobby
8:00-9:50	Session 3: Feedbacks among surface processes, climate and landscape evolution
9:50-10:20	Break
10:20-12:10	Session 4: Climate-tectonic coupling in the Himalayan and Andean orogens
12:10-13:00	Lunch
13:00-15:00	Tour of the O.H. Hinsdale Wave Research Laboratory (2 groups)

15:00-16:00	Panel Session 2: What are the strength and directionality of biologic-geomorphic-geochemical feedbacks during mountain building?
16:00-18:00	Poster Session B: Climate, surface process and feedbacks in global orogens
	Refreshments at 16:00; Beer at 17:00
18:00	Free Evening

Tuesday, July 25 - OSU Conference Day 3; Travel to Rock Springs Ranch

7:30-8:30	Check out of Hilton Garden Inn
8:00-8:30	Conference desk open; CH2MHill Alumni Center Lobby
8:30-9:50	Session 5: Climate-tectonic coupling in North America
9:50-10:20	Break
10:20-11:20	Session 5: Climate-tectonic coupling in North America (continued)
11:20-12:10	Panel Session 3: How can a systems-level understanding of the coupling between climate, erosion and tectonic help anticipate and develop resilience to extreme events?
12:10-13:00	Lunch
13:00-13:45	Keynote: Timescales, rates and processes of landscape evolution of the Cascades Range, Oregon
14:00-17:30	Travel to Bend, Oregon with field trip overview); depart from CH2MHill Alumni Center
17:30-18:30	Check-in at Rock Springs Ranch & Fairfield Inn & Suites
19:00-20:00	Dinner at Rock Springs Ranch
22:00	Last Shuttle from Rock Springs Ranch to Fairfield Inn

Wednesday, July 26 – Oregon Cascades Field Trip

7:00	First Shuttle from Fairfield Inn to Rock Springs Ranch
7:30-8:30	Breakfast at Rock Springs (make sack lunch)
8:30-17:30	Field Trip to Oregon Cascades
19:00-20:00	Dinner at Rock Springs Ranch
22:00	Last Shuttle from Rock Springs Ranch to Fairfield Inn

Thursday, July 27 – Rock Springs Ranch Workshop

7:00	First Shuttle from Fairfield Inn to Rock Springs Ranch
7:30-8:30	Breakfast at Rock Springs
8:30-10:00	Introduction
10:00-10:30	Morning Break

10:30-12:00	Session A
12:00-13:00	Lunch
13:00-14:30	Session B
14:30-15:00	Afternoon Break
15:00-17:00	Session C
17:00-19:00	Happy Hour(s)
19:00-20:00	Dinner at Rock Springs Ranch
22:00	Last Shuttle from Rock Springs Ranch to Fairfield Inn

Friday July 28 - Departure

7:00	First Shuttle from Fairfield Inn to Rock Springs Ranch
7:00-7:30	Check out of Fairfield Inn & Rock Springs Ranch
7:30-8:30	Breakfast at Rock Springs Ranch
8:00-9:30	Depart for Portland Airport & Corvallis
