

Ignite Presentation Guidelines

Overview of Ignite Presentation Format

Ignite presentations are brief and concise presentations given by a single presenter. Presentations can showcase a successful youth development program (an abbreviated program seminar) or share a useful “tool” with youth development professionals. Presentations will be limited to five minutes and follow the standard Ignite Presentation format of 20 slides, automatically advancing every 15 seconds.

Presentation

- Presentations selected for the conference are due to karissa.dishon@oregonstate.edu by Tuesday, February 28th at the email address below
- 20 Slides
- Save slides as a .ppt or .pptx
- Do not include automatic timing; we will do that for you!
- Slides cannot contain animations, videos, audio or “builds” of any kind

Tips

- Rely on visuals rather than text
- Please resize your photographs (aka reduce resolution) before you insert them into your presentation (1024x768 is a nice size)
- Check out this video for more information on Ignite Presentation styles

Handouts

There will not be time to provide handouts to participants during your presentation. However, if you would like to provide participants with a handout or additional resources, we will post them to the internet for later access. Please email PDF handouts to Karissa.dishon@oregonstate.edu by Tuesday, February, 28th.
