

# **BHS 415: One Health in Practice**

Winter 2018, Thursday 2-3:20 PM; 3 credits

Instructor: Brianna Beechler, DVM, Ph.D,

Topics:

- Learn how human, animal and environmental health are linked using current real-world examples like antibiotic resistance and disease outbreaks
- Along the way you will explore different uses of media as communication styles including movies, TED talks and blogs.
